

# GREEN4VIP

## ENVIRONMENTAL EDUCATION AND STEAM APPROACH FOR VISUALLY IMPAIRED PUPILS IN KINDERGARTENS

---

**1.** Inclusion of  
visually impaired  
pupils

**2.** Environmental  
awareness

**3.** Updating  
teachers'  
digital skills

The project aim is to develop **innovative and oriented training materials for pre-school teachers** on how to plan, organize and implement environmental education workshops (based on STEAM approach) in class and online with kids aged 3-5 and a **focus on the Visually Impaired Pupils (VIP)**.

**GREEN4VIP** will elaborate the **GREEN4VIP Guidelines, the Teachers Training Curriculum and the Inclusive Toolbox for VIP**. Though a transnational training event and a national pilot for 60 teachers, this resources will be **tested and shared** in kindergartens all around Europe.
